## CONTRACTING WITH SMALL AND MINORITY BUSINESSES, WOMEN BUSINESS ENTERPRISE AND LABOR SURPLUS FIRMS

It is federal policy to solicit contracts to small, women and minority business firms when federal grant funds are expended. Accordingly, affirmative steps must be taken to assure that small and minority/women businesses are utilized when possible as sources of supplies, equipment, construction and services. Affirmative steps shall include the following:

1. Including qualified small and minority/women businesses on solicitation lists.
2. Assuring that small and minority/women businesses are solicited whenever they are potential sources.
3. When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum small and minority/women business participation.
4. Using the services and assistance of the Small Business Administration, the Office of Minority Business Enterprise of the Department of Commerce and the Community Services Administration as required.
5. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises.
6. If any subcontracts are to be let, requiring the prime contractor to take affirmative steps in 1 through 5 above.

Grantees shall take similar appropriate affirmative action in support of women's business enterprises.

Grantees are encouraged to procure goods and services from labor surplus areas.

Grantor agencies may impose additional regulations and requirements in the foregoing areas only to the extent specifically mandated by statute or presidential direction.

**West Virginia Code §5A-3-59** and **Code of Federal Regulations**, Title 13, Part 121 defines and establishes contracting with small and minority businesses, women business enterprise and labor surplus firms. Vendors who are considered eligible under these programs should certify eligibility by providing the following information:

**AFFIDAVIT**

West Virginia Code §5A-3-10a states:

*No contract or renewal of any contract may be awarded under this article to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor as defined in this section and the debt owed is an amount greater than one thousand dollars in the aggregate.*

**Definitions:**

"Debt" means any assessment, penalty, fine, tax or other amount of money owed to the state because of a judgment, fine, permit violation, license assessment, penalty or other assessment presently due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon;

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions;

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor, so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**Exception:**

The prohibition does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the West Virginia Code, worker's compensation premium, permit fee or environmental fee or assessment, and the matter has not become final, or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the bidder and all related parties do not owe any debts or, if a debt is owed, that the provisions of the exception clause (above) apply.
