Revision Number:

Faculty meetings will be held on a monthly basis, with a minimum of one meeting but not to exceed two without prior approval, (except for emergency conditions). The meetings should be planned and instructive. An agenda for each meeting should be prepared in advance. Items which can be treated in bulletins should not be included. Teacher attendance at faculty meetings is required unless the teacher is excused by the principal. Some meetings each year should be devoted to staff development.

Complier's Note: This policy has been superceded by the provisions of West Virginia Code §18-5A-5.
